# Letter from the President

**W**e are happy to announce that Avila College has joined with seven other outstanding colleges (Bartlesville Wesleyan College, Bartlesville, Oklahoma; Bellevue University, Bellevue, Nebraska; College of St. Mary, Omaha, Nebraska; College of the Ozarks, Point Lookout, Missouri; Kansas Newman College, Wichita, Kansas; Saint Mary College, Leavenworth, Kansas; and York College, York, Nebraska) to form the Midland Collegiate Athletic Conference. This conference includes the four midland states of Kansas, Oklahoma, Missouri and Nebraska. This geographic representation of our league will permit our student-athletes and colleges the opportunity to gain greater exposure.

Avila is proud that its team will have the opportunity to compete for league championship and individual athletes will have the opportunity to be recognized for their academic and athletic achievements on all-league teams.

I would like to thank Carl Clapp, Avila's Athletic Director, for taking a leadership role in working with the other athletic directors, faculty representatives and administrators in making this outstanding league a reality. I would also like to congratulate Carl Clapp on being elected the league's first commissioner. I am proud to be serving as the first president of the Midland Collegiate Athletic Conference and the opportunity to work with the other presidents and college representatives to ensure that student-athletes have enjoyable and rewarding experiences. We, the spectators, enjoy their demonstration of the athletic talents God has provided them.

We welcome you to our campus and are here to serve your needs. Please return often.

Sincerely,

*Larry Kramer*

In a climate respecting the worth and dignity of each individual, the college provides liberal arts, professional, undergraduate and graduate education for students' responsible lifelong contributions to the contemporary world.

From its modest beginnings as the College of St. Teresa, Avila has become a flourishing comprehensive college situated on 50 rolling acres in suburban south Kansas City, Mo. Nearly 40 undergraduate majors and three graduate programs are offered through day, evening, and weekend courses.

The Avila community values excellence in teaching and learning; the Catholic identity of the college; the sponsorship and contribution of the Sisters of St. Joseph; the worth, dignity and potential of each human being; diversity and its expression; commitment to the continual growth of the whole person; interaction with and service to others.

Avila's unique Learning Outcomes program focuses on Knowledge; Thinking; Communication; and Personal, Spiritual, and Social Development. The program strives to make sure every student's point of view grows with exposure to facts and ideas, that it is intellectually sound, that it can be clearly expressed, and that it is driven by the student's values.

## Welcome to the excitement of Avila College athletics!

Student-athletes at Avila College receive an opportunity to attain a quality education and participate in a competitive athletic experience.

Avila's first teams, women's basketball and volleyball, began competing in the 1960s. During the 1970s two more sports, men's soccer and basketball, were added. The 1980s brought intercollegiate teams in softball and baseball. This fall women's soccer is being offered for the first time.

Intercollegiate sports programs are an integral part of the educational offerings of the college. We believe in the opportunities for growth that participation on the field or court provides our students. We also value the spirit of community that is built through our sports programs, and the fellowship and sharing for those of us in the bleachers and on the sidelines.

Avila is proud to be a member of the National Association of Intercollegiate Athletics (NAIA), an organization dedicated to wholesome competitive sports in small colleges around the country. We value the contribution the NAIA makes to the fulfillment of our student-athletes.

Our program benefits from the support and contributions of our friends. Please patronize our advertisers and consider membership in the Eagle Club.

Join the Avila College family in its celebration of life through shared experiences such as these competitions.

Go Eagles!

# The NAIA – Providing Balanced Athletics Programs for More Than 65,000 Student-Athletes

## OVERVIEW

**T**hroughout its history, the National Association of Intercollegiate Athletics (NAIA) has provided strong leadership for all aspects of intercollegiate sports. Since its introduction of intercollegiate championship basketball in 1937, the NAIA has maintained the highest standards while administering first-rate athletics programs.

Time and time again, the NAIA has stepped forward to address the important issues of the day — be it racial integration in the '40s and '50s or establishing the first women's championship program in 1980. The NAIA has not been afraid to enact changes while others have watched and waited.

In the past decade, presidents of the NAIA colleges and universities have assumed a position of responsible leadership. The NAIA's Council of Presidents, the organization's primary governing body, is comprised of 32 college and university presidents from all regions of the United States.

With its major emphasis on educational development, it was natural for the NAIA to further strengthen academic eligibility requirements in the mid-'80s. All NAIA participating student-athletes must maintain a certain grade-point-average (GPA) while accumulating credit hours for a declared academic degree. Unlike other associations, NAIA student-athlete academic eligibility is monitored on a semester-by-semester basis.

The All-America Scholar-Athlete program, a long-standing NAIA tradition, recognizes junior and senior student-athletes with a minimum cumulative GPA of 3.5 (on a 4.0 scale). This past year, over 700 NAIA student-athletes were so honored, representing 225 member institutions.

Since 1937, the NAIA has administered athletics programs and championships in proper balance with the overall collegiate educational experience. Serving higher education in this manner is a responsibility the NAIA does not take lightly. It is a relationship built on confidence and trust — a relationship strengthened year after year. The future of 65,000 young people is too important to handle any other way.

# Men's Basketball

## Coaching Staff

**Fred Turner** — begins his fourth season as Avila's head mens basketball coach. Turner inherited a program that had suffered through five straight losing seasons and eight out of ten years. During Coach "T's" tenure the Eagles are striving for their fourth consecutive winning season and post-season play. Coach Turner was named District 16 Coach of The Year in 1991-92, when the Eagles posted 18 wins and advanced to the District 16 semi-finals post-season play.

In five short years, Turner rebuilt Fort Scott Community College from a basketball doormat (only two winning seasons in 16 years, including a 10-year losing streak) into a team that averaged 19 wins in his last three years.

Turner coached at Bishop O'Hara High School, which had never had a winning season prior to his arrival. During his six-year stint as head coach, the Celtics ranked as one of the top 10 teams in the state of Missouri and in the Kansas City Metro Area for five consecutive years, with appearances in the Missouri State 3-A Tournament

After O'Hara, Turner moved on to Lee's Summit High School, which had only had two winning seasons in 11 years. During his five years at Lee's

Summit, the Tigers finished as one of the top 10 teams in the state and in the Kansas City Metro Area for four consecutive years, with appearances in the Missouri State 4-A Tournament.

When not on the court developing basketball talent, Turner serves the college as Assistant Director of Athletics. He received his undergraduate degree in history from the University of Missouri-Kansas City, and earned a graduate degree in Athletic Training from Central Missouri State University. He and his wife, Pat, have two children, Roman (15) and Drew (11).

**Don Earnest**—is entering his 23rd year as a basketball coach. He has a thorough knowledge of all aspects of his profession: teaching, organization, and motivation. In addition to his coaching duties at Avila, Earnest is Director of Athletics for the Turner High School District in Kansas City, Kansas. Earnest and his wife, Jeanne, have three sons, Josh (19), Nathan (17) and Nick (15).

**Mike Gailey** — has been part of the Kansas City basketball scene for more than 20 years. This will be his fourth year as an assistant to Coach Turner. In addition to his responsibilities for developing post play and coaching the junior varsity, Gailey is instrumental in recruiting efforts. He is familiar with high school programs on both sides of the state line.

**Larry Park** — has more than 10 years of college coaching experience at Rockhurst College, Ottawa University, and the University of Missouri-Kansas City. This will be his fourth season at Avila. Park assists with perimeter play, recruiting, and

the junior varsity program. Park is a graduate of the University of Missouri-Kansas City, where he played point guard.

**Jim Huber Jr.** — 1993 Avila graduate, joins the basketball staff after completing a successful baseball and basketball career for the Eagles. Jim will coach the guards and assist the junior varsity team.

## Season Outlook

The season looks promising as Coach Turner returns four starters from last year's squad and a host of key letter winners. Returning starters from last year are Craig Johnston, who was named NAIA All-Midwest Region, Brad Koper, Eugene Troyer, and Cameron Woods. These returning letter winners will provide leadership and experience. Returning letter winners include, Shawn Brewer, Derek Feagans, Scott Baucom, Mike Feiereisel, Eric Grebel, and Ben Kimminau. With this nucleus and the addition of a strong recruiting class, the Eagles will strive for their fourth consecutive winning season and a post-season playoff berth.

The Eagles will face a tough schedule, which includes the University of North Texas (NCAA Div. I) and Northwest Missouri State University (NCAA Div. II).

## Season Outlook

Eight letter winners return from a young team that went through a challenging season. This year's team has only one senior, Jaki Staggs (District 16 Honorable Mention), who will split duties at first base and as catcher. Monica Bullock (District 16 Second Team Honors) returns for her sophomore season.

Transfer Michelle Kessler, who was named Missouri Intercollegiate Athletic Association (MIAA) Freshman of the Year at Missouri Western in 1993, and freshman Jenny Benda, from Excelsior Springs, will help solidify a team with a lot of potential.
